EXPERIENCE MORE THAN JUST A SUMMER VACATION

The International Summer School **Summer@Uni-Mainz** is a special offer by Johannes Gutenberg University for students who want to spend their summer break learning or improving their German in an international environment.

VISIT THE HEART OF GERMANY

Mainz is the state capital of Rhineland-Palatinate, located near the river Rhine, in a region famous for its history, cultural diversity, and, of course, its wine production.

The proximity to places such as the global financial metropolis Frankfurt and the World Heritage Site of the Upper Rhine Valley makes Mainz a vibrant city with friendly locals in one of Germany's most versatile and beautiful regions.

IMPROVE YOUR GERMAN LANGUAGE SKILLS

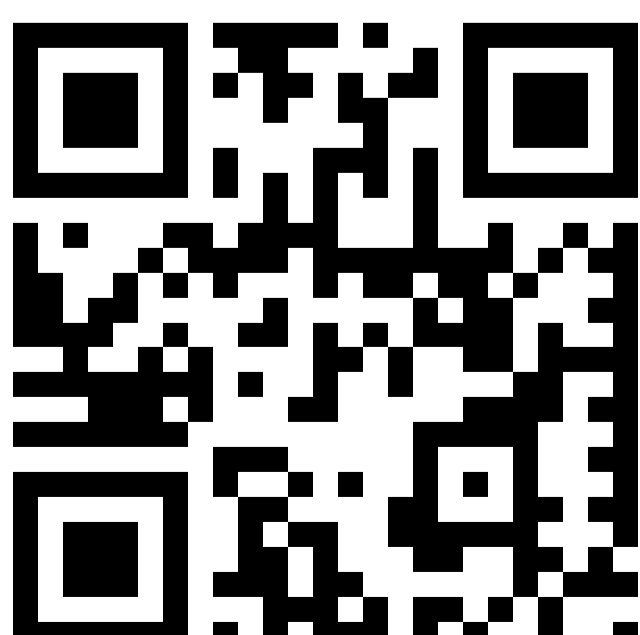

Johannes Gutenberg University in Mainz, Germany, has been a place of innovation and learning since its founding in 1477. During a four-week long short-term program starting in August 2020, students of all disciplines can sign up for:

- An intensive German course for learners of all levels
- Specialist lectures
- Interdisciplinary workshops
- Intercultural trainings
- An extensive cultural program
