

TERM 1 JUNE 8 - JULY 3	TERM 2 JULY 6 - JULY 17	TERM 3 JULY 20 - AUGUST 14	TERM 4 AUGUST 17 - AUGUST 28	TERM 1 JANUARY 6 - JANUARY 31
3D Scanning & Printing	Innovation & Entrepreneurship	Space Robotics	Introduction to Biomechanics	Virtual Reality & Exercise Gaming
Learn German in Berlin	Start German	Energy Revolution	Machine Learning with Python	CanSat: Hands-on Satellite Design
Precision Engineering Measurement & Design	Dimensioning for Interchangeable Manufacturing	Intro to Artificial Intelligence	Desalination & Renewable Energies	Intro to Artificial Intelligence
Programming in Java	Cognitive Engineering	Startup Crash Course	Product Noise & Sound Design	3D Scanning & Printing
	Introduction to Biodesign	Virtual Reality & Exercise Gaming	ICT & Transportation in Smart Cities	Data Science with Python
	Social Entrepreneurship & Sustainability	Advanced AI & Open Science	Guidance & Navigation of Aircraft	Startup Crash Course
	System Dynamics Modelling for Business	Machine Learning with Python	Circular Economy	Programming in Java
	Fairness in Artificial Intelligence	CanSat: Hands-on Satellite Design	Augmented Reality for Cultural Heritage	
		Blue Engineering		
		Draw-Design-Build / Berlin
